PROPOSED RESOLUTION

Submitting a Proposed Resolution sponsored by

WILLIAM R. MORAN, County Commissioner

PROPOSED RESOLUTION

WHEREAS, the Bureau of Health Services provides a full range of inpatient acute care services to the people of Cook County, regardless of their ability to pay including: Medical/Surgical, Intensive Care, Pediatrics, Obstetrics, Neonatology, and Burn. In addition, long term care and skilled nursing care is provided at Oak Forest Hospital of Cook County; and

JOURNAL OF PROCEEDINGS FOR SEPTEMBER 6, 2001

WHEREAS, the medical staff for the Cook County Bureau of Health Services are all well trained professionals; and

WHEREAS, Cook County must spend a significant portion of the County Budget for the Cook County Bureau of Health Services and insuring the medical employees from that department; and

WHEREAS, Cook County provides insurance for the Cook County Bureau of Health Services medical employees through a self insurance policy and a special excess coverage policy; and

WHEREAS, Cook County spends millions of dollars on malpractice insurance for and on claims filed against the Cook County Bureau of Health Services medical employees; and

WHEREAS, the Cook County Bureau of Health Services medical employees should be responsible for some of these costs, as other medical employees are towards their own employers; and

WHEREAS, the burden of paying for malpractice insurance should be shifted solely from the taxpayers of Cook County, to the Bureau of Health Services employee and the County.

NOW, THEREFORE, BE IT RESOLVED, that the Cook County Health Bureau of Health Services medical staff, any other employee insured by the County's general liability insurance program and any new employees that would be insured by this program are required to purchase their own malpractice insurance policy; and

BE IT FURTHER RESOLVED, any claims made against the medical staff of Cook County shall first be made against the employee's own policy and then against the policies of Cook County.

Commissioner Butler, seconded by Commissioner Schumann, moved that the communication be referred to the Committee on Health and Hospitals. (Comm. No. 246145). **The motion carried.**

Commissioner Moran voted "no".

Transmitting a Communication from

HENRY A. BUDZINSKI, Interim Chief Judge, Circuit Court of Cook County

requesting authorization for the Purchasing Agent to advertise for bids for janitorial services for the Adult Probation Department, Circuit Court of Cook County. These services are for the department's leased offices at 1639-1644 West Walnut Street, Chicago, Illinois.

Contract period: January 1, 2002 through December 31, 2002. (280-235 Account). Requisition No. 22804001.

Commissioner Maldonado, seconded by Commissioner Butler, moved that the County Purchasing Agent be authorized to advertise for bids. **The motion carried unanimously.**

PROPOSED CONTRACT

Transmitting a Communication from

HENRY A. BUDZINSKI, Interim Chief Judge, Circuit Court of Cook County

requesting authorization for the Purchasing Agent to enter into a contract with South Suburban Council on Alcoholism and Substance Abuse, East Hazelcrest, Illinois, for treatment of participants in the Drug Treatment Program at the Sixth Municipal District, Markham, Illinois.

Reason: This contract will provide substance abuse testing and treatment for nonviolent adult probationers that have been accepted in the court's Drug Treatment Programs. Defendants are provided treatment in lieu of incarceration to help them confront their addictions and avoid future criminal activities. South Suburban Council on Alcoholism and Substance Abuse has been providing these services to the court since 1998. The council was originally selected based upon its expertise in drug intervention services and the location of its service site.

Estimated Fiscal Impact: \$150,000.00. Contract period: October 1, 2001 through September 30, 2002. (532-272 Account). Requisition No. 15324029.

Commissioner Silvestri, seconded by Commissioner Lechowicz, moved that the communication be referred to the Committee on Finance. (Comm. No. 246131). **The motion carried unanimously.**

OFFICE OF THE COUNTY ASSESSOR

PERMISSION TO ADVERTISE

Transmitting a Communication from

TERRY A. STECZO, Deputy Assessor for Administration & Taxpayer Services

requesting authorization for the Purchasing Agent to advertise for bids for the purchase of two (2) network servers.

One time purchase. (717/040-579 Account). Requisition No. 10400628.

Sufficient funds have been appropriated to cover this request.

Commissioner Maldonado, seconded by Commissioner Butler, moved that the County Purchasing Agent be authorized to advertise for bids. **The motion carried unanimously.**

CONTRACT

Transmitting a Communication from

TERRY A. STECZO, Deputy Assessor for Administration & Taxpayer Services

requesting authorization for the Purchasing Agent to enter into a contract with CoStar Comps, San Diego, California, for the purchase of a subscription to access sales information and transaction database and on-line services.

Reason: The extensive reports and research provided by CoStar Comps relating to sales information and transactions of commercial and industrial real estate are proprietary and available only from CoStar Comps.

Estimated Fiscal Impact: \$38,363.16. Contract period: January 1, 2002 through December 31, 2002. (040-353 Account). Requisition No. 20400008.

Commissioner Silvestri, seconded by Commissioner Lechowicz, moved that the County Purchasing Agent be authorized to enter into the requested contract. **The motion carried unanimously.**

(SHERIFF'S) DEPARTMENT OF COMMUNITY SUPERVISION AND INTERVENTION

PROPOSED CONTRACT RENEWALS

Transmitting a Communication from

MICHAEL F. SHEAHAN, Sheriff of Cook County

by

DAVID S. DEVANE, Executive Director, Department of Community Supervision and Intervention

requesting authorization for the Purchasing Agent to renew Contract No. 99-43-1124 with Gateway Foundation, Inc., Chicago, Illinois, to exercise an option for a one-year extension of the contract for the Substance Abuse Treatment program for persons assigned to the Day Reporting Center.

JOURNAL OF PROCEEDINGS FOR SEPTEMBER 6, 2001

Reason: The existing contract, approved by the County Board on September 9, 1999, provides for two one-year options to extend this mutual agreement between the County and the contractor. The requested amount of the contract renewal anticipates no increase in the number of participants from Fiscal Year 2001. The number of annual participants will remain at 127,400 which is 16,900 more than the original 1999 contract anticipated.

Estimated Fiscal Impact: \$2,042,222.00. Contract period: October 12, 2001 through October 11, 2002. (236-298 Account). Requisition No. 12360046.

requesting authorization for the Purchasing Agent to amend and extend the agreement authorized by the Board on August 4, 1999 (Contract No. 99-43-1400) with St. James Hospital and Health Center. St. James Hospital and Health Center provides obstetrical services for women who receive prenatal care at the Ambulatory and Community Health Network (ACHN) Health Centers in the southern suburbs, and who elect to deliver their babies at St. James Hospital and Health Center.

The financial terms of the agreement provide for the County to make payment to St. James Hospital and Health Center for Obstetric/Gynecological physician services. The maximum amount payable to St. James Hospital and Health Center over the period of this agreement shall be \$100,000.00. The County will bill for all services rendered by these physicians at the ACHN sites.

Estimated Fiscal Impact: \$100,000.00 (\$50,000.00 per year). Agreement extension: June 5, 2001 through August 31, 2003. (893-260 Account).

Commissioner Maldonado, seconded by Commissioner Butler, moved that the request of the Chief of the Bureau of Health Services be approved. **The motion carried unanimously.**

CHANGE IN PLANS AND EXTRA WORK

Transmitting a Communication, dated August 3, 2001 from

WALLY S. KOS, P.E., Superintendent of Highways

Re: Change in Plans and Extra Work

I herewith present the following recommendation for change in plans and extra work involved on this improvement in the Villages of Glenview, Northfield and Wilmette.

AUTH. NO.	SECTION	DESCRIPTION	AMOUNT
3 & Final	96-26342-01-FP Group 2-1999: Winnetka Road over Edens Expressway; Edens Expressway West Frontage Road, Glenview Road to Lake Avenue	Adjustment of quantities and new item	\$2,677.09 (Deduction)

JOURNAL OF PROCEEDINGS FOR SEPTEMBER 6, 2001

In general, the quantities as shown on the contract documents were estimated for bidding purposes only. This change represents the difference between the estimated quantities and actual field quantities of work performed.

A new item was created to pay for the actual cost of coring into the existing 40 inch pipe.

I respectfully recommend approval by your Honorable Body.

Commissioner Carr, seconded by Commissioner Butler, moved that the communication be referred to the Committee on Roads and Bridges. (Comm. No. 246142). **The motion carried unanimously.**

Transmitting a Communication from

MARK KILGALLON, Chief, Bureau of Human Resources

requesting authorization for the Purchasing Agent to enter into a contract with the law firm of Vedder Price, Chicago, Illinois, for legal labor counsel.

Reason: Vedder Price has experience representing public sector employers as well as served as labor counsel during the County's last two rounds of negotiations.

Estimated Fiscal Impact: not to exceed \$150,000.00. Contract period: September 1, 2001 through November 30, 2001. (490-261 Account). Requisition No. 14900307.

Commissioner Silvestri, seconded by Commissioner Lechowicz, moved that the County Purchasing Agent be authorized to enter into the requested contract. **The motion carried unanimously.**

OFFICE OF THE INSPECTOR GENERAL

PERMISSION TO ADVERTISE

Transmitting a Communication from

TIMOTHY FLICK, Inspector General

requesting authorization for the Purchasing Agent to advertise for bids for the purchase of a mid-size sedan.

One time purchase. (717/560-611 080-549 Account). Requisition No. 15600800001.

Sufficient funds have been appropriated to cover this request.

Commissioner Maldonado, seconded by Commissioner Butler, moved that the request of the Inspector General be approved, as amended and the County Purchasing Agent be authorized to advertise for bids. **The motion carried unanimously.**

OFFICE OF THE CHIEF JUDGE

PROPOSED CONTRACTS

Transmitting a Communication from

HENRY A. BUDZINSKI, Interim Chief Judge, Circuit Court of Cook County

requesting authorization for the Purchasing Agent to enter into a contract with Treatment Alternatives for Safe Communities, Inc., (TASC), Chicago, Illinois, to provide screening, assessment and diagnostic services and substance abuse testing for minors in the Juvenile Court Drug Treatment Program.

JOURNAL OF PROCEEDINGS FOR SEPTEMBER 6, 2001

Reason: The Circuit Court of Cook County initiated this unique program in October 1996 for minors with drug-related offenses who have been identified by the Juvenile Probation and Court Services Department to be in need of intervention, treatment services and supervision. The program targets nonviolent delinquent minors residing in and around the Austin and Lawndale communities in Chicago. The objective of the program is to provide a continuum of services to these minors to help them break the cycle of drug dependency. Program services include substance abuse assessment and treatment, health care, counseling, education, vocational training and housing placements. Services are provided within a framework of sanctions and substance abuse testing.

Estimated Fiscal Impact: ~~\$86,956.00~~ 74,500.00 (Year 2001: \$12,500.00; and Year 2002: ~~\$74,456.00~~ 62,000.00). Contract period: October 1, 2001 through September 30, 2002. (326-249 Account). Requisition Nos. 13260040 and 23260002.

Commissioner Silvestri, seconded by Commissioner Lechowicz, moved that the communication, as amended be referred to the Committee on Finance. (Comm. No. 246132). **The motion carried unanimously.**

Transmitting a Communication from

HENRY A. BUDZINSKI, Interim Chief Judge, Circuit Court of Cook County

requesting authorization for the Purchasing Agent to enter into a contract with Encounter Medical Group, P.C., Oak Park, Illinois, to provide clinical consulting services and a full range of residential and outpatient care for minors in the Juvenile Court Drug Treatment Program.

Reason: The Circuit Court of Cook County initiated this unique program in October 1996 for minors with drug-related offenses who have been identified by the Juvenile Probation and Court Services Department to be in need of intervention, treatment services and supervision. The program targets nonviolent delinquent minors residing in and around the Austin and Lawndale communities in Chicago. The objective of the program is to provide a continuum of services to these minors to help them break the cycle of drug dependency. Program services include substance abuse assessment and treatment, health care, counseling, education, vocational training and housing placements. Services are provided within a framework of sanctions and substance abuse testing. As in the past, Encounter Medical Group, P.C. will provide comprehensive treatment and other program services through its five (5) subcontractor agencies.

Estimated Fiscal Impact: ~~\$179,400.00~~ 149,500.00 (Year 1: ~~\$25,700.00~~ 25,000.00; and Year 2: ~~\$153,700.00~~ 124,500.00). Contract period: October 1, 2001 through September 30, 2002. (326-249 Account). Requisition Nos. 13260039 and 23260003.

Commissioner Silvestri, seconded by Commissioner Lechowicz, moved that the communication, as amended be referred to the Committee on Finance. (Comm. No. 246133). **The motion carried unanimously.**

Transmitting a Communication from

HENRY A. BUDZINSKI, Interim Chief Judge, Circuit Court of Cook County

requesting authorization for the Purchasing Agent to enter into a contract with Aunt Martha's Youth Service Center, Inc., Matteson, Illinois, to provide evening reporting center services at 6 locations throughout Chicagoland as well as 9 a new centers for girls. The reporting center for girls will be located near the Juvenile Court complex in Chicago and will service a maximum of 25 minors at one time. Eligible participants will be nonviolent females, who have committed a violation of probation and are awaiting a hearing in court. As an alternative to incarceration in the Detention Center, the girls are referred by judicial order to the evening reporting center.

Reason: Aunt Martha's Youth Service Center, Inc. currently provides community-based pretrial services for pre-adjudicated minors charged in delinquency proceedings, 10 to 17 years of age, who are at risk of being detained in the Cook County Juvenile Temporary Detention Center. These services include crisis intervention, home monitoring, educational advocacy, substance abuse screening and assessment, recreational services and transportation. Aunt Martha's Youth Service Center, Inc. also administers the court's evening reporting centers located throughout Cook County.

Estimated Fiscal Impact: ~~\$2,189,825.00~~ 1,877,000.00 [Year 1: \$312,900.00 - (312-260 Account); and Year 2: ~~\$1,876,925.00~~ 1,564,100.00 - (326-249 Account)]. Of the total contract amount, \$250,000.00, relating to services for the evening reporting center for girls, will be paid with grant funds provided by the Illinois Department of Human Services. As such, the estimated net fiscal impact of the contract on Cook County will be \$1,627,000.00 (520-830 Account). Contract period: September 30, 2001 through September 29, 2002. Requisition Nos. 13120007 and 23260001.

Commissioner Silvestri, seconded by Commissioner Lechowicz, moved that the communication, as amended be referred to the Committee on Finance. (Comm. No. 246134). **The motion carried unanimously.**

DEPARTMENT OF PLANNING AND DEVELOPMENT

HOME INVESTMENT PARTNERSHIPS PROGRAM

Transmitting a Communication, dated August 15, 2001 from

GWENDOLYN D. CLEMONS, Director, Department of Planning and Development

Re: HOME Investment Partnerships Program (HOME Program)

respectfully requests approval of a HOME Investment Partnerships Program Loan Restructuring for fifty-nine HOME Program financed Community Integrated Living Arrangement (CILA) Group Home loans to Cicero, Illinois based not-for-profit Seguin Services, Inc. The fifty-nine properties contain approximately 182 disabled persons and are scattered throughout the Western Planning region of the County. Financing of the fifty-nine homes took place between November 1993 and December 1999 with interest rates ranging from 3 to 1.5 percent. The request seeks to reduce those interest rates to the current Home Program lending rate of 1 percent.

The original repayment terms for the properties range from twenty to forty years with final payments due between July 2008 and August 2038. The loan restructuring will keep those terms intact. Annually, the fifty-nine properties generate \$202,080.00, in loan repayments. However, the modification will reduce the program income generated by \$32,304.00 or \$169,776.00 annually. This will result in a \$700,000.00 savings to the agency over the life of the loans.

I respectfully request approval of this request, and that the Chief Administrative Officer of the County of Cook, or his designee, be authorized to execute for the County, any and all documents necessary to further the request approved herein, including but not limited to modification to the original 59 HOME Loan Agreements, Notes and Mortgages. The approval of this request by this Honorable Body will permit staff to issue the necessary documents to move this loan restructuring forward.

Estimated Fiscal Impact: None. Grant funds: None.

Commissioner Carr, seconded by Commissioner Butler, moved that the request of the Director of the Department of Planning and Development be approved. **The motion carried unanimously.**

OFFICE OF THE PUBLIC DEFENDER

GRANT AWARD AMENDMENT

Transmitting a Communication from

J. ROBERT CASH, Chief Administrative Officer, Office of the Public Defender

requesting authorization to amend a grant from the Illinois Criminal Justice Information Authority (ICJIA) for the Defense Services for Juvenile Transfers program approved by the Board on July 10, 2001 (Agenda Item #6). This amendment requires matching funds from the Public Defender's Office.

This is the fourth year of a four-year program to provide detention alternatives for juvenile transfers. The purpose of this final year of grant funding is to provide for the development of alternatives to detention for juveniles who are transferred to adult court for trial and are thus ineligible for juvenile alternatives to detention, but who are too chronologically young for adult alternatives to pre-trial custody.

Estimated Fiscal Impact: \$40,580.00. Grant Award: \$121,739.00. Funding period: October 1, 2001 through September 30, 2002. (260-818 Account).

Commissioner Maldonado, seconded by Commissioner Butler, moved that the request of the Chief Administrative Officer of the Public Defender's Office be approved. **The motion carried unanimously.**

CITY OF CHICAGO

NO CASH BID REQUEST

Transmitting a Communication, dated August 27, 2001 from

DEBORAH SIMS, Chairman, Tax Delinquency Subcommittee

Submitting a request from

ROSEMARIE ANDOLINO, First Deputy Commissioner, City of Chicago

Re: Tax Reactivation Program ("TRP")

The City of Chicago requests your support for No Cash Bids under the Tax Reactivation Program ("TRP"). The TRP facilitates the acquisition of tax delinquent parcels. The City of Chicago intends to transform the tax delinquent parcels into tax revenue generating properties. The development of these parcels will benefit the surrounding community and the City as a whole.

The City has compiled a list of properties that are eligible under the Tax Reactivation Program. The City seeks to acquire approximately 3,775 properties in the upcoming scavenger sale. A copy of the list passed by the City Council on July 25, 2001 has been submitted for your review.

Commissioner Hansen, seconded by Commissioner Daley, moved to suspend the rules so that this matter may be considered. **The motion carried unanimously.**

Commissioner Sims, seconded by Commissioner Hansen, moved that the communication be referred to the Committee on Finance Tax Delinquency Subcommittee. (Comm. No. 246147). **The motion carried unanimously.**

SECTION 13

Your Committee has considered the following items and upon adoption of this report, the recommendations are as follows:

244824 OFFICE OF THE COUNTY ASSESSOR, by Terry A. Steczo, Deputy Assessor for Administration & Taxpayer Services, transmitting a Communication:

requesting authorization for the Purchasing Agent to ~~renew/amend Contract No. 99-43-1256~~ enter into a contract with **RISETIME TECHNOLOGIES, INC.**, Schaumburg, Illinois, ~~to proceed with Phase 2 of for the Assessor's Office Automation Project, to be implemented by Risetime, Inc. This phase~~ The system to be implemented includes Computer Assisted Mass Appraisal (CAMA) software, Legacy System interfaces, business process re-design and integration services.

Reason: The Automation Project contract provides a definition of Phase 2, once the design of Phase 1 has been completed. Phase 1 has been substantially completed by the project team now employed by Risetime Technologies, Inc. Their knowledge of the Assessor's Office procedures, their computer system expertise, and their knowledge of and familiarity with the systems designed in Phase 1 will enable them to implement Phase 2 most efficiently and effectively.

REPORT OF THE REDISTRICTING COMMITTEE

August 23, 2001

The Honorable Members

The Board of Commissioners of Cook County

Present: Chairman Lechowicz, Vice-Chairman Carr, Commissioners Butler, Daley, Goslin, Hansen, Moreno, Silvestri and Sims (9)

Absent: None (0)

Also Present: President Stroger and Commissioners Collins, Maldonado, Moran, Quigley, Schumann, Steele and Sutker (8); Peter Creticos of the Center for Governmental Studies at Northern Illinois University; Kimball W. Brace of Election Data Services, Inc.; and William R. Quinlan, Parliamentarian

JOURNAL OF PROCEEDINGS FOR SEPTEMBER 6, 2001

Ladies and Gentlemen:

Your Committee on Redistricting of the Board of Commissioners of Cook County met pursuant to notice on Thursday, August 23, 2001, at the hour of 10:00 A.M. in the Board Room, Room 569, County Building, 118 North Clark Street, Chicago, Illinois.

At the request of the Chairman, the Notice of the Meeting was read into the record by the Secretary of the Board of Commissioners.

Chairman Lechowicz noted that all Members of the County Board were in attendance. Chairman Lechowicz expressed his condolences and those of all Members of the Board to Commissioner Sims on the loss of her mother and thanked her for her commitment in attending the Committee meeting at a time of great personal loss. A moment of silent prayer was observed in memory of Commissioner Sims' mother.

Chairman Lechowicz stated that a series of nine public hearings had been held throughout the County for the purpose of gathering public input and soliciting proposals and ideas. He thanked all those who took the time to appear at such hearings to express their ideas and views. He also thanked Vice-Chairman Carr and the Members of the Committee for participating in the hearing process. In addition, he thanked the members of the redistricting staff, led by Peter Creticos of the Center for Governmental Studies of Northern Illinois University, for all of their hard work. Chairman Lechowicz recognized and thanked staff members Amy Krause, Amanda Furman, Sharonda Washington, and Ricardo Cruz.

Chairman Lechowicz thanked Kimball W. Brace of Election Data Services, Inc., for his invaluable assistance with software, hardware, technical support, and consulting.

Chairman Lechowicz stated that the task of redistricting had been undertaken with one fundamental goal - fairness and that the Committee had endeavored to be fair to everyone, both in terms of opportunity for input into the process and access to computer technology and data necessary to meaningfully understand and participate in the process.

Chairman Lechowicz thanked the Mexican American Legal Defense and Educational Fund ["MALDEF"], the United States Hispanic Leadership Institute ["USHLI"], and the Latino Committee of Illinois for Fair Redistricting for taking the time and effort to submit a redistricting plan. He assured that the population percentages proposed by these groups for two super-majority Hispanic districts and a third Hispanic community of interest district had been a substantial factor in guiding deliberations, while not elevating ethnic origin or race above other factors which must be considered. Chairman Lechowicz pointed out that the Chicago Tribune in its front-page story on Sunday, August 12, 2001, had noted that census data indicates that the suburbs have become a "hot destination" for people of all races. It was with this in mind that a suburban Hispanic community of interest district had been proposed.

Chairman Lechowicz thanked Vice-Chairman Carr for all of his help and for his fairness.

Finally, Chairman Lechowicz stated that the staff proposal to be presented is fair to everyone, complies with one man-one vote principles and federal and State constitutional guidelines, and takes into account incumbent members, existing districts, communities of interest, and existing political dynamics.

The Chair then recognized President Stroger and noted that he had been a strong supporter of the concept of single-member districts. President Stroger thanked the Committee for its hard work and expressed the view that those involved had done an excellent job and had been very unselfish in developing the proposed lines.

Chairman Lechowicz again thanked the Committee members for their outstanding participation throughout the course of the nine public hearings. He also noted that the Redistricting Office at 69 West Washington Street, Room 1418, had been available to the public on a daily basis.

Commissioner Steele noted that a private citizen from the 2nd County Board District, Christopher Smith, had utilized the Redistricting Office facilities to develop a map and thanked Mr. Smith for participating in the process. Chairman Lechowicz stated that such map had been received and would be made part of the record.

The Chair recognized Commissioner Hansen on a point of information. Commissioner Hansen asked whether, in light of the present unavailability of citizenship data in connection with the current census, comparative data on citizenship versus population was available from the 1990 census. Peter Creticos responded that such data had been compiled and that copies would be furnished to all members of the Board.

The Chair then called upon Peter Creticos for a presentation on Staff Proposal #1. Mr. Creticos described the process by which Staff Proposal #1 was developed:

Based on the year 2000 census data, the central core of the City of Chicago (primarily the African-American districts starting on the west side of the City of Chicago and extending to the south side of the City and into the south suburbs) were low relative to the ideal population. The ideal population is 316,279 people per district.

For the prior (1993) district map, the ideal population was slightly over 300,000 (specifically, 300,298), based on the 1990 census data. As a result, even if a district drawn in 1993 stood still in terms of population, it would automatically be short of ideal population by more than five percent. In other words, it would be short by approximately 16,000 people because it did not grow as fast as the rest of the County.

The process of structuring the map started with Navy Pier, at the geographic north-south center of the County. The proposed map attempts to equalize the change in districts to the north of Navy Pier and those to the south of Navy Pier, so that no one particular part of the County, no one district, no one community of interest, no one racial group, or no one ethnic group would bear the brunt of the entire change in population demographics.

With these goals, we looked to Commissioner Butler's District. This district, previously south of the Museum Campus, was extended north to one block south of Oak Street Beach east of Michigan Avenue. This allowed us to shift district lines both to the north and to the south.

We also shifted the districts west. Commissioner Collins' district is moved approximately eight to ten blocks west of the current boundary of her district. This allowed the northern boundary of Commissioner Steele's district to be moved further to the north to absorb some of the population change. Commissioner Sims' district was moved further south. President Stroger's district was moved further south. Commissioner Carr's district was moved a bit further out or westward. Commissioner Quigley's district was moved further northward.

In general terms, the large population gains have been in the northwest and southwest corners of the County and in the core of the City, particularly in the Hispanic communities. We attempted to move the districts consistent with these growth patterns.

There are also certain areas that act as anchors or pivot points. District 1 and District 2 along the west side are cohesive African-American communities and act as a horizontal shelf across the County. This shelf has been respected in terms of the basic structure of the proposed map. The Hispanic communities in District 7 and District 8 are also cohesive communities and, to maintain them as a basic principle, act as anchors.

The proposed map was guided by several basic principles. The proposed map complies with one man-one vote principles. The populations within the proposed districts are substantially equal. The maximum deviation from ideal population is less than 0.25% on the high side and approximately 0.20% on the low side. The total swing is approximately 0.44 (or 1,400 people). There is less than 1/2 of 1% difference between the highest proposed population for any district and the lowest.

The proposed map complies with the Voting Rights Act. The five districts which have traditionally elected African-Americans to the County Board remain super-majority African-American, ranging from 74.62% on the high side to 69.75% on the low side. There is no retrogression in the number of districts that allow the African-American populations in the west and south sides of Chicago and in the western and southern suburbs of Cook County to elect candidates of their choice.

The proposed map is also guided by the testimony, the reasoning, and the proposal offered by MALDEF, USHLI, and the Latino Committee of Illinois for Fair Redistricting. In their proposal, they advocated two super-majority Hispanic districts and a third district described as a "community of interest" district. Their specific proposal called for a district corresponding to our District 7 that was 83.33% Hispanic [79.20% VAP]. Our proposed District 7 is 82.21% Hispanic [78.36% VAP]. Their specific proposal called for a district corresponding to our District 8 that was 68.63% Hispanic [63.31% VAP]. Our proposed District 8 is 67.54% Hispanic [62.31% VAP]. Their specific proposal called for a district corresponding to our District 16 that was 33.78% Hispanic [29.00% VAP]. Our proposed District 16 is 34.00% Hispanic [28.94% VAP].

There are two major differences between their proposal and our proposal. First, our proposal takes incumbents into account their proposal does not (as they lacked data on incumbents' residences). Second, based on conversations with representatives of MALDEF, our proposal recognizes that the Latino communities in the suburbs face issues that are different than those of similar communities in the City. Accordingly, we have attempted to establish a Hispanic community of interest district as a suburban-only district and District 7 as a City based district. Our proposal deviates from this only with respect to Cicero, which is divided (i) based on the fact that two incumbents reside in Cicero and (ii) in recognition of the fact that the eastern edge of Cicero has been aligned since 1993 with the Chicago Latino communities on the City's southwest side.

Our proposed map also is based on and addresses a number of other factors. We took into account incumbency, existing district configurations and areas of representation, the political composition of the Board, and communities of interest. We considered the testimony given at the nine public hearings. The proposed map is a compromise balancing many factors. No Commissioner is faced with a radical change in his or her district. At least 70% of each Commissioner's existing district is contained within his or her new proposed district. And there is one Commissioner whose proposed district is contained wholly within the boundaries of his existing district. And voters are not faced with radical changes in the configuration of the districts to which they are just becoming

JOURNAL OF PROCEEDINGS FOR SEPTEMBER 6, 2001

accustomed. This is particularly important as we approach the end of only the first decade of single-member districts and in light of the fact that we have had only two elections for Commissioners in these districts.

The five existing districts represented by African-American Commissioners are collectively 119,295 short of ideal population (or nearly 38% of a district collectively). Thus, we had to make up more than a third of a district to bring these five districts into compliance.

The areas of greatest growth have been the City's northwest and southwest sides and the far south and northwest suburbs. The natural progression is to have districts radiate outward toward those areas that have population to give. But this is complicated and restricted by what we have characterized as core goals of preserving African-American "shelves" and Hispanic "anchors".

We have taken into account existing municipal boundaries. This contributes to the odd shapes of some of the suburban lines. Many existing village lines are derived from annexations, resulting in very irregular boundaries. To a lesser extent, we have attempted to take into account existing ward boundaries in the City of Chicago. Since the ward lines are presently in the process of being redrawn, it becomes very difficult to hit a moving target.

We took into account the lines in the new congressional map, particularly where a County Board district edge came close to a congressional edge.

And, finally, we took into account natural boundaries, such as arterial streets, expressways, etc.

The Chairman inquired as to whether there were any questions on Mr. Creticos' presentation.

Commissioner Hansen stated that he had two proposals involving his district. Commissioner Hansen also asked whether, for the citizenship data received, such data was available by wards and whether there was a total figure for the County. Kim Brace responded that the 1990 census data for citizenship is now only available at the block group level, not at the block level, and therefore does not correspond to the wards, which were not drawn at the block group level. Mr. Brace further responded that the citizenship totals for the County as a whole could be determined by adding up available data and that he would provide such information.

Chairman Lechowicz called for proposals by any of the Commissioners. No proposals were offered.

Commissioner Hansen commented that he was unaware that the three lawyers who had been approved were available to each member of the Committee. Chairman Lechowicz responded that they had been available to each member of the Committee throughout the process and that they had been present at the public hearings, responding to and addressing questions as they arose. The Chairman called upon the three lawyers, Donald Hubert, David Epstein, and Jeremiah Marsh, to again introduce themselves. In further response to Commissioner Hansen, the Chairman stated that the three lawyers will continue to be available to each member of the Committee and to all other members of the County Board until final Board action on the map.

JOURNAL OF PROCEEDINGS FOR SEPTEMBER 6, 2001

Commissioner Hansen further noted that the proposals that he had requested of staff had been prepared for him, but did not show all of the other districts, making it impossible for him to present a complete proposal at this point. Commissioner Daley noted that the Redistricting Office had been open to every Commissioner and that any Commissioner could have utilized the facilities available to come up with a plan showing 17 districts, which they could have submitted today, had they chosen to do so.

Commissioner Quigley thanked the redistricting staff for their patience and expertise and effort in a difficult process. He noted his view that most of the concerns of the Commissioners had been addressed, because there had been ample opportunity to do so. He further stated that there should be the ability to make further changes which are minor in scope prior to the process being completed.

Chairman Lechowicz called for proposals by members of the public. No proposals were offered by any member of the public.

The Chair called for public testimony or comment on any proposal. The Chair recognized Honorable Bernard L. Stone, Alderman and Democratic Committeeman of the 50th Ward of the City of Chicago. Alderman Stone submitted his written statement and, at the request of the Chair, read it into the record. Alderman Stone objected to Staff Proposal #1 based on the fact that it placed more than 1/3 of the 50th Ward within the proposed 10th County Board District, with the remainder in the proposed 13th County Board District. Under the current County Board map, the entire 50th Ward is contained within the existing 13th County Board District. According to Alderman Stone, the proposed map would divide the Asian-American community in the 50th Ward by utilizing Devon Avenue as a north-south boundary. Alderman Stone further stated that the proposed map would dilute the political effect of the last remaining large contingent of people of the Jewish faith in Cook County. Alderman Stone added that he did not believe that anyone intentionally drew the proposed map to do this.

Chairman Lechowicz noted that 2/3 (or 65%) of the population of the 50th Ward is maintained within County Board District 13, now represented by Commissioner Sutker. He further noted that, under the 1990 census, District 13 is 9.60% non-Hispanic Asian and District 10 is 8.80% non-Hispanic Asian. The proposed map maintains approximately the same ratio proposed District 13 would be 12.01% non-Hispanic Asian and proposed District 10 would be 11.16% non-Hispanic Asian. Chairman Lechowicz further stated that it would not be possible to achieve a level high enough to create an Asian community of influence district, even by combining the entire Asian populations of District 13 and District 10. He noted that the Jewish population remains concentrated in District 13. He pointed out that placing the Asian community in the 50th Ward into a district with other substantial Asian population was a rational goal. And he assured Alderman Stone that there was no disrespect intended to him or to any member of the community that he represents.

The Chair recognized Commissioner Sutker. Commissioner Sutker stated that he is very sensitive to the concerns of both the Asian-American community and the Jewish community. He indicated that he would love to have all of the 50th Ward, but that changes driven by the dynamics of population movements resulted in every Commissioner losing some areas in which he or she has been very popular and would wish to keep and/or gaining areas that are new to him or her. He pointed out that the population movement to the north and to the west had to affect his district and Commissioner Quigley's district. He stated that the staff has been fair and that every Commissioner, to some slight degree, has been adversely affected, but that compromises have been made. He assured Alderman Stone that he would be available to him at any time, even on an ex officio basis with respect to the portion of his ward not within the proposed 13th County Board District.

Commissioner Quigley stated that he is and would be proud to serve and work with any Alderman of the City of Chicago. He stated that he recognized that the districts to the south of his district needed to gain population. He indicated that he had made every effort to accommodate, including agreeing to give up the 42nd Ward, a significant change.

The Chair called for any other public testimony. No other member of the public sought recognition or asked to testify.

The Chair recognized Commissioner Maldonado. Commissioner Maldonado expressed his opposition to the proposed map. He stated that he felt that the 34.00% Hispanic population level for the proposed Hispanic community of interest district was too low and that he felt that 40-45% was accomplishable without hurting the possibility of any incumbent having a fair chance at re-election. He further noted that he is not making a legal argument, but a political argument. He stated that part of the Latino population in the City of Chicago could be incorporated into and made a part of the proposed influence district. The argument can be made, according to him, that all Latino communities will fall within a community of interest and that it does not matter how you connect them, citing the existing 4th Congressional District as precedent. Finally, he noted that the Hispanic population of his district would increase only 2 1/2% (from 65% to 67.5%).

The Chair recognized Commissioner Moreno. Commissioner Moreno pointed out that, focusing on voting age population [VAP] and citizenship, the Hispanic community is very young, with a median age of 26 years old. He further pointed out that the Mexican-American community which comprises a substantial majority of the Hispanic community has a median age of 21 years old. He stated that the creation of a community of influence district at a higher level than was being proposed would require disregarding some of the considerations that the Committee is bound to take into account. He indicated that he had met with MALDEF quite frequently and that the proposed map not only meets, but exceeds, most of their expectations. He noted that the proposed Hispanic community of influence district has a higher percentage of Hispanic total population than proposed by MALDEF. Finally, he indicated that the proposed map is a fair map, that it does the absolute best job that could be done in order to take into account everyone's concerns and interests, and that he supports it.

The Chair recognized Commissioner Hansen. Commissioner Hansen stated that the proposed map has failed to solve the problem with the 17th District, which still runs from Palwaukee Airport on the north almost to the bottom of the map, and, in fact, has increased the problem by extending the 17th District west in Elk Grove Township. He expressed his view that the starting point for the map is accommodation of ethnic and racial districts, which, in turn, influences the lines for all other districts. He further expressed the view that eight of the districts drawn along ethnic and racial grounds would be Democrat anyway. He expressed his objection to dividing Elk Grove Township in half, placing half of it in the 17th County Board District. And he noted that there had been indications during the original districting process in 1993 that the problem of the 17th District would be addressed next time around, but that this was not being done.

The Chair recognized Commissioner Schumann. Commissioner Schumann noted that the problem we are faced with results from the losses of population in some parts of the County and gains in other parts. The alternatives, he stated, are either to reconfigure the whole map or to make the best of the existing districts with some modifications. He further stated his view that the proposed 17th District is not any more geographically diverse than the proposed 14th District or the proposed 15th District, both of which reflect large geographic distances. He noted that the proposed 17th District contains some areas that he has not represented before, but that he will try to represent such areas to the best of his abilities and that the best way to represent new areas is to get out and work with other elected officials. He stated that, if he were a member of this Committee, he would vote for the proposed map.

JOURNAL OF PROCEEDINGS FOR SEPTEMBER 6, 2001

The Chair recognized Commissioner Hansen for response. Commissioner Hansen noted that the farther one gets from his or her home the less intense his or her knowledge of the area represented will be.

Commissioner Daley, seconded by Commissioner Goslin, moved approval of the proposed Redistricting Ordinance in the following form (submitted hereto and incorporated by reference herein) as a Committee Ordinance:

**01-O-23
ORDINANCE**

WHEREAS, on November 6, 1990 the voters of Cook County approved the creation of 17 separate single-member districts for the election of members of the Cook County Board of Commissioners; and

WHEREAS, Ordinance No. 93-O-34 (the "Cook County Districting Ordinance"), adopted September 21, 1993, provides [in Section 1] that the members of the Cook County Board of Commissioners shall be elected from 17 single-member districts and specifies [in Section 2] the 17 single-member districts by census tract, block group, and block; and

WHEREAS, the County Board is required by law to redistrict after each decennial census to insure that the 17 County Commissioner Districts are of equal population according to the census data from the U.S. Census Bureau.

NOW, THEREFORE, BE IT ORDAINED by the Cook County Board of Commissioners as follows:

Section 1.

Sections 3-1 through 3-17, inclusive, of Ordinance No. 93-O-34 are hereby amended, and, as amended, shall read and provide as follows:

Section 3-1, District 1 shall comprise the following:

**REAL PROPERTY ASSESSMENT CLASSIFICATION ORDINANCE
AS AMENDED**

BE IT ENACTED BY THE COOK COUNTY BOARD OF COMMISSIONERS:

The Real Property Assessment Classification Ordinance, as from time to time amended (November 29, 1976; June 6, 1977; September 19, 1977; May 16, 1978; January 2, 1979; March 3, 1980; September 2, 1980; October 3, 1983; April 2, 1984; November 18, 1985; May 19, 1986; June 20, 1988; September 5, 1989; December 18, 1989; March 16, 1992; December 6, 1994; November 19, 1996; May 6, 1997; November 23, 1999; ~~and~~ April 18, 2000 and September 6, 2001) is hereby amended to read as follows:

The Cook County Board of Commissioners finds and declares:

- (1) that in certain areas of Cook County there is a lack of viable industrial and commercial buildings, which is contributing to substantial unemployment in such areas;
- (2) that if existing industrial and commercial structures were improved and utilized fully, and if new industrial and commercial structures were developed, the County's economic well-being would be improved by an increase in the level of economic activity, by increased employment opportunities and by a growth in the real property tax base;
- (3) that because of the blighted or depressed condition of the areas where such development is needed, the ordinary unaided operation of private enterprise cannot accomplish the necessary modernization, rehabilitation and development, therefore provision must be made for public assistance and encouragement of such private enterprises;
- (4) that the creation of new property tax classifications for (a) new development of industrial structures, or the substantial rehabilitation and re-utilization of existing industrial structures, for the County as a whole as well as for specific areas of special need, and (b) new development of commercial structures, or the substantial rehabilitation and re-utilization of existing commercial structures in areas that are depressed, blighted or threatened with blight, is an appropriate and necessary method of providing such assistance and encouragement, and will result in increasing the tax base in such areas and for the entire County; and

JOURNAL OF PROCEEDINGS FOR SEPTEMBER 6, 2001

- (5) that the creation of a new property tax classification for the rehabilitation and new construction of certain multifamily rental housing will increase and improve the stock of decent, safe and affordable housing for low- and moderate-income households in Cook County, and will remove the blight or potential blight of deteriorating housing stock while also increasing the tax base of the County.
- (6) that the amendment of real estate assessment classifications for the purpose of lowering the assessment level for certain retention and development of the most affordable permanent housing available to homeless and very low income individuals.
- (7) that the creation of a new property tax classification, to facilitate commercial and industrial development through remediation of property, contamination of which is not attributable to the owner, is an appropriate and necessary method of providing assistance and encouragement to achieve remediation and utilization of such property, which will result in increasing employment opportunities as well as the tax base in the areas in which such sites are located and in the entire County.
- (8) that the creation of a new property tax classification, to encourage the preservation and rehabilitation of historically and architecturally significant commercial and industrial buildings, will enhance the general character of real estate in the County and contribute to the economic well-being of the County by increasing the level of economic activity, increasing employment opportunities and contributing to the long-term growth of the real property tax base.

Section 1.

- (A) Cook County hereby establishes the system of classifying real estate for the purposes of assessment for taxation set forth in the following Sections.

- (B) Definitions:

- (1) For the purpose of this Ordinance, the definition of "real estate" shall be:

"Not only the land itself, whether laid out in town or city lots, or otherwise, with all things contained therein, but also all buildings, structures and improvements, and their permanent fixtures, of whatsoever kind, thereon, and all rights and privileges belonging or in anywise pertaining thereto."

Included therein is any vehicle or similar portable structures used or so constructed as to permit its being used as a dwelling for one or more persons; if such structure is resting in whole on a permanent foundation.

- (2) For the purpose of this Ordinance, the definition of "market value" shall be:

"That value, estimated at the price it would bring at a fair voluntary sale."

- (3) For the purposes of this Ordinance, the definition of "real estate used for residential purposes" shall be:

"Any improvement or portion thereof occupied solely as a dwelling unit."

JOURNAL OF PROCEEDINGS FOR SEPTEMBER 6, 2001

- (4) For the purposes of this Ordinance, the definition of "single room occupancy building" shall be:

"A multi-unit residential building in which at least 90 (ninety) percent of the units are single room occupancy units, excluding rooms occupied by management employees, and in which at least 75 (seventy-five) percent of the annual occupancy of the SRO units is for monthly terms."

- (5) For the purposes of this Ordinance, the definition of "single room occupancy" shall be:

"A room rented as sleeping or living quarters with or without cooking facilities located in the same room as the sleeping or living quarters, and with or without individual bathrooms."

- (6) For the purposes of this Ordinance, the definition of "real estate used for industrial purposes" shall be:

"Any real estate used primarily in manufacturing, as defined in Section 1 (B) (7), or in the extraction or processing of raw materials unserviceable in their natural state to create new physical products or materials, or in the processing of materials for recycling, or in the transportation or storage of raw materials or finished physical goods in the wholesale distribution of such materials or goods for sale or leasing."

- (7) For the purposes of this Ordinance, the definition of "manufacturing" shall be:

"The material staging and production of goods used in procedures commonly regarded as manufacturing, processing, fabrication, or assembling which changes existing material into new shapes, new qualities, or new combinations and including research and development associated with the production of goods."

- (8) For the purposes of this Ordinance, the definition of an "area in need of commercial development" shall be:

"Any area within Cook County which satisfies the provisions of Section 4A of this Ordinance."

- (9) For the purposes of this Ordinance, the definition of "real estate used for commercial purposes" shall be:

"Any real estate used primarily for buying and selling of goods and services, or for otherwise providing goods and services, including any real estate used for hotel and motel purposes."

- (10) For the purposes of this Ordinance, the definition of "community area" shall be:

"An area within the City of Chicago so designated and identified by the Social and Economic Characteristics of Chicago's Population: Community Area Profiles, December, 1992, or revisions thereto, or in Cook County outside the City of Chicago, as defined by the municipality concerned or by the County in unincorporated areas."

JOURNAL OF PROCEEDINGS FOR SEPTEMBER 6, 2001

- (11) Except as otherwise specified in Section 2 below, for the purposes of this Ordinance, the definition of "abandoned property" shall be:

"Buildings and other structures that, after having been vacant and unused for at least 24 continuous months, have been substantially rehabilitated or purchased for value by a purchaser in whom the seller has no direct financial interest."

- (12) For the purposes of this Ordinance, the definition of "in need of substantial revitalization" shall be:

"An area no less than 10 contiguous acres or more than 1 contiguous square mile in size which is in a state of extreme economic depression evidenced by such factors, as defined in the rules and regulations as promulgated by the Office of the Cook County Assessor, among others, as: (a) substantial unemployment; (b) a low level of median family income; (c) aggravated abandonment, deterioration, and underutilization of properties; (d) a lack of viable industrial and commercial buildings whose absence significantly contributes to the depressed economic and unemployment conditions in the area; (e) a clear pattern of stagnation or decline of real estate taxes within the area as a result of its depressed condition; (f) a manifest lack of economic feasibility for private enterprise to accomplish the necessary modernization, rehabilitation and development of the area without public assistance and encouragement; and (g) other factors which evidence an imminent threat to public health, welfare and safety."

- (13) For purposes of this Ordinance and more particularly Section 2 thereof, real estate while under lease or license to a unit of local government for an annual rental or fee of not more than ONE DOLLAR (\$1.00), shall not be deemed to be "improved" as a result of any alterations, additions or modifications consisting of the construction, landscaping, maintenance, or beautification of parks, parkways, parking lots, playgrounds, or similar public facilities operated or maintained for the public benefit. During the term of such lease or license, including extensions thereof, the real estate which is the subject of such lease or license shall be treated as though such alterations, additions, or modifications have not been made.

- (14) For purposes of this Ordinance, the definition of "multifamily residential real estate" shall be:

"Real estate which is used primarily for residential purposes and consists of an existing multifamily building containing seven or more rental dwelling units."

- (15) For purposes of the Class 9 provisions of this Ordinance only, the definition of "major rehabilitation" shall be:

"The extensive renovation or replacement of primary building components or systems as further prescribed by rule of the Assessor."

- (16) For purposes of this Ordinance, the definition of a "low- or moderate-income person or household" shall be:

"A person or household occupying a single dwelling unit and whose combined annual income is equal to or less than the income limits for low-income families for the Chicago Metropolitan Statistical Area as determined by the Secretary of the United States Department of Housing and Urban Development pursuant to Section 3 (b) (2) of the United States Housing Act of 1937, as amended. A household consists of all the occupants of a legal dwelling unit, related or unrelated."

- (17) For purposes of this Ordinance, the definition of "targeted area" shall be:

"Census tracts in the City of Chicago or census block groups in the County of Cook outside of the City of Chicago, as defined and identified by the U.S. Census Bureau's most recent census, in which at least 51% of the residents are low- or moderate-income persons."

- (18) For purposes of this Ordinance, the definition of "rents affordable to low- and moderate-income persons and households" shall be:

"Gross rents that do not exceed 30 percent of the adjusted income of a household whose income equals 55% of the median income for the Chicago Metropolitan Statistical Area, with adjustments for number of bedrooms in the units, as determined annually by the Secretary of the United States Department of Housing and Urban Development, or rents for units occupied by households receiving housing assistance under Section 8 of the United States Housing Act of 1937, as amended. 'Gross rents' shall be the rental cost of the unit plus any allowances for tenant paid utilities (except telephone), services and appliances."

- (19) For the purposes of the Class C provisions of this Ordinance, the definition of "Site" shall be:

"The real estate which is remediated and developed for industrial or commercial use. The site must be identified by permanent index number, and must be delineated by an accurate legal description if it comprises less than the whole of any parcel at the time of application."

- (20) For the purposes of this Ordinance, the definition of "Site Remediation Program" or "Program" shall be:

"Remediation of the site as appropriate for the planned industrial or commercial use, according to a Remedial Action Plan approved by the Illinois Environmental Protection Agency (IEPA), pursuant to its Site Remediation Program, under the authority of Title XVII of the Illinois Environmental Protection Act (415 ILCS 5/58, et seq.)."

- (21) For the purposes of this Ordinance, the definition of "Remedial Action Plan" shall be:

"A plan addressing remediation of the entire site, approved by the IEPA pursuant to its Site Remediation Program. The plan must include, as applicable: an executive summary; remediation objectives appropriate for the described planned industrial or commercial use; remedial technologies selected; confirmation sampling plan; applicable preventive, engineering, and institutional controls and monitoring procedures; cost estimates and timetable."

JOURNAL OF PROCEEDINGS FOR SEPTEMBER 6, 2001

- (22) For the purposes of this Ordinance, the definition of "No Further Remediation Letter" shall be:

"A letter from the IEPA, addressing the entire site, approving or approving with conditions a Remedial Action Completion report."

- (23) For the purpose of this Ordinance, the definition of "Certified Local Government" shall be:

"A unit of local government fulfilling the requirements of the National Historic Preservation Act of 1966, as amended, 16 U.S.C. 470a [the 'Act'] that has been certified by the Illinois State Historic Preservation Officer pursuant to the Act."

- (24) For purposes of this Ordinance, the definition of "Preservation Commission" shall be:

"A commission or similar body established by a Certified Local Government pursuant to the National Historic Preservation Act of 1966, as amended, 16 U.S.C. 470a [the 'Act'], generally for the purpose of identifying, preserving, protecting, recommending for designation and encouraging the continued use and the rehabilitation of areas, properties and structures having historical and/or architectural significance."

- (25) For purposes of this Ordinance, the definition of "State Historic Preservation Officer" shall be:

"The Director of the Illinois Historic Preservation Agency, 20 ILCS 3405/4; 20 ILCS 3410/2."

- (26) For purposes of this Ordinance, the definition of "Illinois Historic Preservation Agency" shall be:

"The Illinois Historic Preservation Agency, established pursuant to the Historic Preservation Agency Act (20 ILCS 3405/1, et seq.) and the Illinois Historic Preservation Act (20 ILCS 3410/1, et seq.)."

- (27) For the purposes of this Ordinance, the definition of "Landmark" shall be:

"A building which is specifically designated as a historic or Landmark structure pursuant to a local ordinance, approved by a Certified Local Government, pursuant to its criteria, which have been certified by the Illinois Historic Preservation Agency."

The definition of "Landmark" does not include a facade or other architectural element which has been preserved and designated as a historic structure, if the remainder of the building has been demolished and replaced.

- (28) For the purposes of the Class L provisions of this Ordinance only, the definition of "Substantial Rehabilitation" shall be:

"The extensive renovation or replacement of primary building systems of the Landmark and/or the significant improvement of the condition of the Landmark, as further prescribed by rule of the Assessor; which meets or exceeds the Standards of the United States Department of the Interior for Rehabilitation, Preservation, Restoration, and

Reconstruction of historic properties; and which has been completed in accordance with plans approved by the Certified Local Government within which the Landmark is located."

- (29) For the purposes of this Ordinance, the definition of "South Suburban Tax Reactivation Pilot Program" shall be:

"A pilot project in the townships of Bloom, Bremen, Calumet, Rich and Thornton administered by the Cook County Department of Planning and Development, or other authorized entity, wherein marketable properties located in the targeted townships are identified and then purchased through the no cash bid process pursuant to Chapter 35 of the Illinois Compiled Statutes."

- (30) For purposes of this Ordinance, the definition of "marketable" shall be:

"Tax delinquent commercial and/or industrial parcels targeted by the South Suburban Tax Reactivation Program which have been identified by the Cook County Department of Planning and Development, or other authorized entity, as a property, that if developed, would bring economic benefit to the affected taxing districts."

Section 2.

Real estate is divided into the following assessment classes:

Class 1: Unimproved real estate.

Class 2: Real estate

1. used as a farm, or
2. used for residential purposes when improved with a house, an apartment building of not more than six living units, or residential condominium, a residential cooperative or a government-subsidized housing project, if required by statute to be assessed in the lowest assessment category, or
3. improved with a building put to commercial and residential use, of six or less units where the building measures less than 20,000 square feet of above grade space.

Real estate improved with a single room occupancy building, as defined herein, provided (1) that at least one-third of the single room occupancy units are leased at no more than 80 (eighty) per cent of the current "Fair Market Rent Schedule for Existing Housing for Single Room Occupancy units as set by the United States Department of Housing and Urban Development" (hereinafter "FMR schedule"); (2) that no single room occupancy units are leased at rents in excess of 100 (one hundred) per cent of the current FMR schedule; (3) that the overall maximum average rent per unit for all single room occupancy units in the building shall not exceed 90 (ninety) percent of the current FMR schedule; and (4) that the subject property is in substantial compliance with all local building, safety and health codes and requirements. In the event that the owner fails to comply with these requirements, the Class 2 classification shall be revoked.

JOURNAL OF PROCEEDINGS FOR SEPTEMBER 6, 2001

- Class 3: All improved real estate used for residential purposes which is not included in Class 2 or in Class 9, including a single room occupancy building, as defined herein.
- Class 4: Real estate owned and used by a not-for-profit corporation in furtherance of the purposes set forth in its charter unless used for residential purposes. If such real estate is used for residential purposes, it shall be classified in the appropriate residential class.
- Class 5: All real estate not included in Class 1, Class 2, Class 3, Class 4, Class 6b, Class C, Class 7a, Class 7b, Class 8, Class 9, or Class L of this section.
- Class 6b: Real estate used primarily for industrial purposes, as defined herein, consisting of all newly constructed buildings or other structures, including the land upon which they are situated; or abandoned property, as defined herein, including the land upon which such property is situated; or all buildings and other structures which are substantially rehabilitated to the extent such rehabilitation has added to their value, including qualified land related to the rehabilitation. Land qualifies when the rehabilitation adds vertical or horizontal square footage to the improvements. The amount of land eligible for the incentive shall be in such proportion as the square footage added by the rehabilitation bears to the total square footage of the improvements on the parcel.

An applicant must obtain from the municipality in which the real estate is located or the Board of Commissioners of Cook County if the real estate is located in an unincorporated area, an ordinance or resolution expressly stating that the municipality or County Board, as the case may be, has determined that the incentive provided by Class 6b is necessary for development to occur on that specific real estate and that the municipality or County Board, as the case may be, supports and consents to the Class 6b application to the Assessor. A certified copy of the ordinance or resolution need not be filed at the time of filing the Class 6b eligibility application with the Assessor, but must be filed with the Assessor no later than the date an assessment appeal is filed to request the class change to Class 6b. If the resolution is not filed at the time of the eligibility application, the applicant shall instead file, at that time, a letter from the municipality or the County, as the case may be, confirming that a resolution or ordinance supporting the incentive has been requested.

A copy of the resolution or letter confirming that a resolution has been requested, whichever is filed with the application, will be forwarded by the Assessor's Office to the secretary of the Cook County Board for distribution to the Commissioners from the affected districts.

In the case of abandoned property, if the municipality or the Board of Commissioners, as the case may be, finds that special circumstances justify finding that the property is "abandoned" for purpose of Class 6b, even though it has been vacant and unused for less than 24 months, that finding, along with the specification of the circumstances, shall be included in the resolution or ordinance supporting and consenting to the Class 6b application. Such resolution or ordinance shall be filed with the eligibility application. If the ordinance or resolution is that of a municipality, the approval of the Board of Commissioners of Cook County is required to validate such shortened period of qualifying abandonment, and a resolution to that effect shall be included with the Class 6b eligibility application filed with the Assessor.

JOURNAL OF PROCEEDINGS FOR SEPTEMBER 6, 2001

This classification shall continue for a period of twelve years from the date such new construction (excluding demolition, if any) or such substantial rehabilitation was completed and initially assessed, or in the case of abandoned property, from the date of substantial reoccupancy. This incentive may be renewed during the last year a property is entitled to a 16% assessment level, if the following requirements are met:

1. the taxpayer notifies the Assessor's Office of his intent to request renewal of the incentive from the municipality, or the Board of Commissioners of Cook County if the real estate is located in an unincorporated area, and;
2. the municipality in which the real estate is located or the Board of Commissioners of Cook County, if the real estate is located in an unincorporated area, adopts a resolution expressly stating that the municipality or County Board, as the case may be, has determined that the industrial use of the property is necessary and beneficial to the local economy, and supports and consents to renewal of the Class 6b and;
3. a copy of that resolution and a completed renewal application are filed with the Office of the Assessor before the expiration of the 16% assessment level period.

The number of renewal periods is not limited as long as the property continues to apply and qualify for Class 6b. Any property which applies for Class 6b treatment on or before the adoption date of this ordinance change will be eligible for this renewal term at the end of their original incentive period subject to the above requirements

If, on the effective date of this Ordinance, a property is receiving Class 6b treatment, but the assessment level is higher than 16%, that taxpayer may apply for renewal as outlined above and receive a 16% assessment level for the prescribed period beginning after the filing and approval of the resolution and renewal application. However, if, as of that effective date, the tax payer's assessment is higher than 16% and the taxpayer is granted a renewal of the incentive for subsequent years, no reduction of the current assessment level based on renewal of the incentive will be granted.

The notice of intent to request renewal which is filed with the Assessor's Office will be forwarded by the Assessor's Office to the secretary of the Cook County Board for distribution to Commissioners from the effected districts.

If no renewal is obtained, the incentive shall be phased out over the next two years, pursuant to Section 3 below. After expiration of the last incentive period, the real estate shall revert to the applicable classification under this Ordinance.

Additionally, for newly constructed or substantially rehabilitated buildings and other structures to qualify for Class 6b classification, an eligibility application must be made to the Assessor within one year prior to the commencement of such new construction or substantial rehabilitation. With respect to abandoned property, the eligibility application must be made to the Assessor no later than ninety days after purchase for value if such property is encompassed within the definition herein of abandoned property by reason of purchase for value; or within one year prior to the commencement of substantial rehabilitation if such property is encompassed within that definition by reason of substantial rehabilitation.

JOURNAL OF PROCEEDINGS FOR SEPTEMBER 6, 2001

The Assessor may adopt rules consistent with the foregoing necessary to ensure proper review of all factors relevant to determine eligibility for the benefits provided under Class 6b.

The Assessor shall provide by rule for the filing of triennial reassessment reports by all Class 6b recipients as to the use of the property and the number of persons employed at the Class 6b site. Such reports shall be verified. Failure to file such reports within the time established by the Assessor's rules shall result in loss of the incentive for the period relating to the non-filing.

Class C: Real estate which is to be used for industrial or commercial purposes, including abandoned property, as defined in Section 1B(11) including the land upon which such property is situated; or vacant land; where such real estate because of contamination has undergone environmental testing and remediation and has received a "No Further Remediation Letter" from the Site Remediation Program, as defined above.

To be eligible for a Class C classification an applicant must have received a "No Further Remediation Letter" confirming achievement of the remediation objectives based on the industrial or commercial use.

The owner of the property is rendered ineligible for the Class C classification by having previously owned or operated the Site, directly or indirectly, or having been a partner or being associated through a family or business relationship with anyone who has owned or operated the Site, which ownership or operation caused the contamination which was remediated pursuant to a Site Remediation. A present owner who can successfully demonstrate that he was not responsible for the contamination may be eligible for Class C classification.

An applicant must obtain from the municipality in which the real estate is located or the Board of Commissioners of Cook County if the real estate is located in an unincorporated area, an ordinance or resolution expressly stating that the municipality or County Board, as the case may be, has determined that the incentive provided by Class C is necessary for development to occur on that specific real estate and that the municipality or County Board, as the case may be, supports and consents to the Class C application to the Assessor. A certified copy of the ordinance or resolution must be filed at the time of application for the Class C classification. A copy of that ordinance or resolution, whichever is submitted, will be forwarded by the Assessor's Office to the secretary of the Cook County Board of Commissioners for distribution to the Commissioners from the affected districts.

To qualify for the Class C classification, an application for Class C classification must be made within one year of the receipt of the "No Further Remediation Letter". Where an application for Class C classification encompasses less than all of the contiguous property owned by the applicant upon which remediation has been completed, the one year limitation will be waived for any subsequent separate application for Class C classification for the remainder or for additional portions of the property, provided that such subsequent application is made within 7 years.

Additionally, to qualify for the Class C classification, the estimated remediation costs, including site investigation, testing, oversight, remediation and removal costs, monitoring, and engineering and legal fees associated with the remediation process, must total at least \$100,000, or alternatively, must total at least 25% of the market value of the real estate as determined by the Assessor's property record card in the year prior to the remediation, whichever is less.

The initial Class C classification shall continue for a period of twelve years for both industrial and commercial property. For industrial property, this incentive may be renewed during the last year a property is entitled to a 16% assessment level, if the following requirements are met:

1. the taxpayer notifies the Assessor's Office of his intent to request renewal of the incentive from the municipality, or the Board of Commissioners of Cook County if the real estate is located in an unincorporated area, and;
2. the municipality in which the real estate is located or the Board of Commissioners of Cook County, if the real estate is located in an unincorporated area, adopts a resolution expressly stating that the municipality or County Board, as the case may be, has determined that the industrial use of the property is necessary and beneficial to the local economy, and supports and consents to renewal of the Class C and;
3. a copy of that resolution and a completed renewal application are filed with the Office of the Assessor before the expiration of the 16% assessment level period.

The number of renewal periods is not limited as long as the property continues to apply and qualify for Class C. Any property which applies for Class C treatment on or before the adoption date of this ordinance change will be eligible for this renewal term at the end of their original incentive period subject to the above requirements

The notice of intent to request renewal which is filed with the Assessor's Office will be forwarded by the Assessor's Office to the secretary of the Cook County Board for distribution to Commissioners from the effected districts.

If, on the effective date of this Ordinance, a property is receiving Class C treatment, but the assessment level is higher than 16%, that taxpayer may apply for renewal as outlined above and receive a 16% assessment level for the prescribed period beginning after the filing and approval of the resolution and renewal application. However, if, as of that effective date, the tax payer's assessment is higher than 16% and the taxpayer is granted a renewal of the incentive for subsequent years, no reduction of the current assessment level based on renewal of the incentive will be granted. If no renewal is obtained, the incentive shall be phased out over the next two years, pursuant to Section 3 below. After such ten-year period expiration of the last incentive period, the real estate shall revert to the applicable classification under this Ordinance.

For commercial properties, once the original twelve year incentive period has expired, the commercial Class C incentive will expire. The incentive classification will not be subject to renewal and the real estate shall revert to the applicable classification under this Ordinance.

JOURNAL OF PROCEEDINGS FOR SEPTEMBER 6, 2001

The Assessor shall review the application and supporting documentation to determine eligibility for the Class C classification. The Assessor may adopt rules consistent with the foregoing necessary to ensure proper review of all factors relevant to determine initial and continued eligibility for the benefits provided under the Class C classification.

The Assessor shall provide by rule for the filing of triennial reassessment reports by all Class C recipients as to the use of the property and the number of persons employed at the Class C site. Such reports shall be verified. Failure to file such reports within the time established by the Assessor's rules shall result in loss of the incentive for the period relating to the non-filing.

Class 7a: Real estate used primarily for commercial purposes, as defined herein, comprising a qualified commercial development project, as determined pursuant to Section 4A hereunder, located in an "area in need of commercial development", where total development costs, exclusive of land, do not exceed \$2 million, consisting of all newly constructed buildings or other structures including the land upon which they are situated; or abandoned property, as defined herein, including the land upon which such property is situated; or all buildings and other structures which are substantially rehabilitated to the extent such rehabilitation has added to their value, including qualified land related to the rehabilitation. Land qualifies when the rehabilitation adds vertical or horizontal square footage to the improvements. The amount of land eligible for the incentive shall be in such proportion as the square footage added by the rehabilitation bears to the total square footage of the improvements on the parcel.

In the case of abandoned property, if the municipality or the Board of Commissioners, as the case may be, finds that special circumstances justify finding that the property is "abandoned" for purposes of Class 7a even though it has been vacant and unused for less than 24 months, that finding, along with the specification of the circumstances, shall be included in the resolution or ordinance supporting and consenting to the Class 7a application. Such resolution or ordinance must be filed with the eligibility application. If the ordinance or resolution is that of a municipality, the approval of the Board of Commissioners of Cook County is required to validate such shortened period of qualifying abandonment and a resolution to that effect shall be included with the Class 7a eligibility application filed with the Assessor.

This classification shall continue for a period of twelve years from the date such new construction (excluding demolition, if any) or such substantial rehabilitation was completed and initially assessed, or in the case of abandoned property, from the date of substantial reoccupancy. After such twelve year period, the real estate shall revert to the applicable classification under this Ordinance.

The Assessor shall provide by rule for the filing of triennial reassessment reports by all Class 7a recipients as to the use of the property and the number of persons employed at the Class 7a site. Such reports shall be verified. Failure to file such reports within the time established by the Assessor's rules shall result in loss of the incentive for the period relating to the non-filing.

Class 7b: Real estate used primarily for commercial purposes, as defined herein, comprising a qualified commercial development project, as determined pursuant to Section 4A hereunder, located in an "area in need of commercial development", where total development costs, exclusive of land, exceed \$2 million, consisting of all newly

constructed buildings or other structures, including the land upon which they are situated; or abandoned property, as defined herein, including the land upon which such property is situated; or all buildings and other structures which are substantially rehabilitated to the extent such rehabilitation has added to their value, including qualified land related to the rehabilitation. Land qualifies when the rehabilitation adds vertical or horizontal square footage to the improvements. The amount of land eligible for the incentive shall be in such proportion as the square footage added by the rehabilitation bears to the total square footage of the improvements on the parcel.

In the case of abandoned property, if the municipality or the Board of Commissioners, as the case may be, finds that special circumstances justify finding that the property is "abandoned" for purposes of Class 7b even though it has been vacant and unused for less than 24 months, that finding, along with the specification of the circumstances, shall be included in the resolution or ordinance supporting and consenting to the Class 7b application. Such resolution or ordinance must be filed with the eligibility application. If the ordinance or resolution is that of a municipality, the approval of the Board of Commissioners of Cook County is required to validate such shortened period of qualifying abandonment and a resolution to that effect shall be included with the Class 7b eligibility application filed with the Assessor.

This classification shall continue for a period of twelve years from the date such new construction (excluding demolition, if any) or such substantial rehabilitation was completed and initially assessed, or in the case of abandoned property from the date of substantial reoccupancy.

The Assessor shall provide by rule for the filing of triennial reassessment reports by all Class 7b recipients as to the use of the property and the number of persons employed at the Class 7b site. Such reports shall be verified. Failure to file such reports within the time established by the Assessor's rules shall result in loss of the incentive for the period relating to the non-filing.

Class 8: Real estate used primarily for industrial and commercial purposes, consisting of all newly constructed buildings or other structures, including the land upon which they are situated; or abandoned property, as defined herein, including the land upon which such property is situated; or all buildings and other structures which are substantially rehabilitated to the extent such rehabilitation has added to their value, including qualified land related to the rehabilitation. Land qualifies when the rehabilitation adds vertical or horizontal square footage to the improvements. The amount of land eligible for the incentive shall be in such proportion as the square footage added by the rehabilitation bears to the total square footage of the improvements on the parcel.

Such real estate must be located in:

- (1) an area which has been certified as in need of substantial revitalization in accordance with the provisions of Section 4B herein, or
- (2) an Enterprise Community as proposed and approved by the Cook County Board of Commissioners on June 22, 1994 or the Chicago City Council on May 18, 1994 and the municipality in which such real estate is located or, if in an unincorporated area, the County must by lawful resolution determine that such real estate is consistent with an overall plan for the rehabilitation of the area, or

JOURNAL OF PROCEEDINGS FOR SEPTEMBER 6, 2001

- (3) one of the townships targeted by the South Suburban Tax Reactivation Program.

In the case of abandoned property, if the municipality or the Board of Commissioners, as the case may be, finds that special circumstances justify finding that the property is "abandoned" for purpose of Class 8, even though it has been vacant and unused for less than 24 months, that finding, along with the specification of the circumstances, shall be included in the resolution or ordinance supporting and consenting to the Class 8 application. Such resolution or ordinance shall be filed with the eligibility application. If the ordinance or resolution is that of a municipality, the approval of the Board of Commissioners of Cook County is required to validate such shortened period of qualifying abandonment, and a resolution to that effect shall be included with the Class 8 eligibility application filed with the Assessor.

A copy of any resolution received will be forwarded by the Assessor's Office to the Secretary of the Cook County Board of Commissioners for distribution to the Commissioners from the affected districts.

For industrial properties this classification shall continue for a period of twelve years from the date of new construction (excluding demolition, if any) or substantial rehabilitation was completed and initially assessed, or in the case of abandoned property, from the date of substantial reoccupancy. During the tenth year, an application may be filed with the Assessor's Office for renewal of the incentive for an additional ten year period. This incentive may be renewed during the last year a property is entitled to a 16% assessment level, if the following requirements are met:

1. the taxpayer notifies the Assessor's Office of his intent to request renewal of the incentive from the municipality, or the Board of Commissioners of Cook County if the real estate is located in an unincorporated area, and;
2. the municipality in which the real estate is located or the Board of Commissioners of Cook County, if the real estate is located in an unincorporated area, adopts a resolution expressly stating that the municipality or County Board, as the case may be, has determined that the industrial use of the property is necessary and beneficial to the local economy, and supports and consents to renewal of the Class 8 and;
3. a copy of that resolution and a completed renewal application are filed with the Office of the Assessor before the expiration of the 16% assessment level period.

A copy of the request for renewal of the incentive will be forwarded by the Assessor's Office to the secretary of the Cook County Board for distribution to the Commissioners from the affected districts. If, on the effective date of this Ordinance, a property is receiving Class 8 treatment, but the assessment level is higher than 16%, that taxpayer may apply for renewal as outlined above and receive a 16% assessment level for the prescribed period beginning after the filing and approval of the resolution and renewal application. However, on that effective date the tax payer's assessment is higher than 16% and the taxpayer is granted a renewal of the incentive for subsequent years, no reduction of the current assessment level based on renewal of the incentive will be granted.

Any property which has applied for Class 8 treatment at the time this ordinance is adopted will be eligible for renewal based on the foregoing requirements. The number of renewal periods is not limited as long as the property properly applies for and qualifies for Class 8. If no renewal is obtained, the incentive shall be phased out over the next two years, pursuant to Section 3 below. After expiration of the last incentive period the real estate shall revert to the applicable classification under this Ordinance.

In the case of commercial properties, this classification shall continue for a period of twelve years from the date such new construction (excluding demolition, if any) or substantial rehabilitation was completed and initially assessed, or in the case of abandoned property, for the date of substantial reoccupancy. After such time the real estate shall revert to the applicable classification under this ordinance.

The Assessor may adopt rules consistent with the foregoing necessary to insure proper review of the application, supporting data and all other pertinent factors.

The certification of an area as in need of substantial revitalization shall expire five years from the date such certification is granted. The Assessor shall notify the applicant of the date of expiration of certification one year before the date of the expiration of the certification. Such certification, pursuant to the same criteria, may be extended for one additional five-year period subject to reapplication by the appropriate local governing body within the period from one year to six months prior to the expiration of the initial five-year period.

The Assessor shall provide by rule for the filing of triennial reassessment reports by all Class 8 recipients as to the use of the property and the number of persons employed at the Class 8 site. Such reports shall be verified. Failure to file such reports within the time established by the Assessor's rules shall result in loss of the incentive for the period covered by the non-filing.

Class 9: All real estate otherwise entitled to Class 3 classification under this Ordinance provided that such real estate, consisting of land and existing buildings and structures, (1) is multifamily residential real estate, as defined herein, (2) either has undergone major rehabilitation, as defined herein, or is new construction, or both, ~~(3) is located in a targeted area, as defined herein, or in an Empowerment Zone or Enterprise Community, as proposed and approved by the Cook County Board of Commissioners on June 22, 1994 or the Chicago City Council on May 18, 1994,~~ (4) (3) has at least 35% of the dwelling units leased at rents affordable to low-or moderate-income persons or households, as defined herein, and ~~(5) (4)~~ is in substantial compliance with all applicable local building, safety and health requirements and codes.

To qualify for the Class 9 classification, the applicant must:

- (1) file an eligibility application with the Assessor prior to commencement of rehabilitation and/or of new construction;
- (2) either undertake and complete a major rehabilitation of the subject property, or undertake and complete construction of a new building;

- (3) maintain the subject property, including any new construction, in substantial compliance with all local building, safety and health codes and requirements for the duration of the Class 9 classification period;
- (4) lease, for the duration of the Class 9 classification period, at least 35% of the dwelling units of the subject property, including any new construction, to tenants at rents which will not exceed rents affordable to low- and moderate-income persons or households;
- (5) agree to make a current listing of Class 9 tenants and their income available to the Assessor upon request,
- (6) further agrees to annually provide the tenants with a list of the permissible Class 9 rents,
- (7) agree to notify tenants of the upcoming Class 9 expiration at least one year prior to the termination of the incentive treatment, and
- (8) file annually with the Assessor, on or before a date determined by the Assessor, for the duration of the Class 9 classification period, a sworn statement verifying continuous compliance with the Class 9 provisions of this Ordinance.

No applicant shall discriminate on the basis of race, color, sex, marital status, religion, national origin or ancestry, or on any other basis prohibited under federal, state or local law.

Upon completion of the major rehabilitation, the applicant must supplement the application by submitting evidence showing that major rehabilitation did, in fact, occur, the date that the major rehabilitation was completed and that the real estate complies with all applicable local building, safety and health requirements and codes. Upon completion of the new construction, the applicant must supplement the application by submitting an occupancy permit showing the date that the new construction was completed and ready for occupancy, and evidence that the real estate complies with all applicable local building, safety and health requirements and codes.

Beginning January 1, 2000, the Class 9 classification shall have an initial duration of ten years from the date that the major rehabilitation was completed. That period may be extended for additional ten year periods if: (1) an application is filed with the Assessor at least 12 months before the expiration of the incentive period (2) the applicant presents evidence that the real estate currently complies with all applicable local building, safety and health requirements and codes and (3) the Assessor determines that all application qualifications, except the major rehabilitation or new construction requirement, were maintained during the incentive period.

When the Class 9 classification is due to expire or is terminated by action of the owner or the Assessor, the property owner shall, in a manner and form determined by the Assessor, notify all Class 9 tenants of the date of the termination of Class 9 classification. Once the Class 9 classification is terminated, the real estate shall revert to the applicable classification under this Ordinance.

Class L: Real estate which is to be used for commercial or industrial purposes and which: 1) is a Landmark, as defined above; and 2) has undergone Substantial Rehabilitation, as defined above, which constitutes an investment by the owner of at least 50% of the building's full market value as determined by the Assessor in the assessment year prior to the commencement of the Substantial Rehabilitation. The incentive shall apply to the building only, except that if the entire building has been vacant and unused for at least 24 continuous months prior to the filing of the eligibility application with the Assessor, the land upon which the building is situated shall also be eligible for the incentive.

Prior to filing a Class L eligibility application with the Assessor, an applicant must obtain from the unit of local government in which the real estate is located, an ordinance or resolution expressly stating that the local government: 1) has determined that the incentive provided by Class L is necessary for the Substantial Rehabilitation of the property; 2) supports and consents to the granting of the incentive; and 3) has reviewed and accepted its Preservation Commission's written recommendation of the project for the Class L incentive, specifying the project budget and proposed scope of the work, which meets or exceeds the Standards of the United States Department of the Interior for Rehabilitation, Preservation, Restoration, and Reconstruction of historic properties. A certified copy of the ordinance or resolution need not be filed with the Assessor at the time of filing the Class L eligibility application, but must be filed with the Assessor no later than the date an assessment appeal is filed to request the class change to Class L. If the resolution is not filed at the time of the eligibility application, the applicant shall instead file, at that time: 1) a letter from the municipality or the County, as the case may be, confirming that a resolution or ordinance supporting the incentive has been requested and 2) copy of the Preservation Commission's recommendation of the project.

A copy of the resolution or letter confirming that a resolution has been requested, whichever is filed with the application, will be forwarded by the Assessor's Office to the Secretary of the Cook County Board for distribution to the Commissioners from the affected districts.

Additionally, to qualify a Landmark building for Class L classification, an eligibility application must be made to the Assessor within one year prior to the commencement of Substantial Rehabilitation. After the Substantial Rehabilitation has been completed, the Preservation Commission shall review the project to determine that it is eligible hereunder. The applicant must supplement the eligibility application with a copy of the determination of the Preservation Commission prior to classification of the real estate as Class L.

The initial Class L classification shall continue for a period of twelve years from the date such Substantial Rehabilitation was completed and initially assessed for both industrial and commercial property.

For industrial property, this incentive may be renewed during the last year a property is entitled to a 16% assessment level, if the following requirements are met:

1. the taxpayer notifies the Assessor's Office of his intent to request renewal of the incentive from the municipality, or the Board of Commissioners of Cook County if the real estate is located in an unincorporated area, and;

2. the municipality in which the real estate is located or the Board of Commissioners of Cook County, if the real estate is located in an unincorporated area, adopts a resolution expressly stating that the municipality or County Board, as the case may be, has determined that the industrial use of the property is necessary and beneficial to the local economy, and supports and consents to renewal of the Class L, and;
3. a copy of that resolution and a completed renewal application are filed with the Office of the Assessor before the expiration of the incentive period.

The number of renewal periods is not limited as long as the property continues to apply and qualify for Class L. The notice of intent to request renewal which is filed with the Assessor's Office will be forwarded by the Assessor's Office to the Secretary of the Cook County Board for distribution to Commissioners from the effected districts.

If, as of this Ordinance's effective date, a property is receiving Class L treatment, but the assessment level is higher than 16%, that taxpayer may apply for renewal as outlined above and receive a 16% assessment level for the prescribed period beginning after the filing and approval of the resolution and renewal application. However, if as of the effective date, the tax payer's assessment is higher than 16% and the taxpayer is granted a renewal of the incentive for subsequent years, no reduction of the current assessment level based on renewal of the incentive will be granted. If no renewal is obtained, the incentive shall be phased out over the next two years, pursuant to Section 3 below. After expiration of the last incentive period, the real estate shall revert to the applicable classification under this Ordinance.

For commercial properties, once the original twelve year incentive period has expired, the commercial Class L incentive will expire. The incentive classification will not be subject to renewal and the real estate shall revert to the applicable classification under this Ordinance.

The Assessor shall adopt rules consistent with the foregoing necessary to ensure proper review of all factors relevant to determine initial and continued eligibility for the benefits provided under Class L.

The Assessor shall provide by rule for the filing of triennial reassessment reports by all Class L recipients as to the continued Landmark status of the property and the number of persons employed at the Class L site. Failure to file such reports within the time established by the Assessor's rules may result in loss of the incentive for the period relating to the non-filing.

Section 3.

The Assessor shall assess, and the Board of Appeals shall review assessments on real estate in the various classes at the following percentages of market value:

Class 1:	22%
Class 2:	16%

JOURNAL OF PROCEEDINGS FOR SEPTEMBER 6, 2001

Class 3:	33%
Class 4:	30%
Class 5a:	38%
Class 5b:	36%
Class 6b:	16% for first 10 years and for any subsequent 10 year renewal periods; if the incentive is not renewed, 23% in year 11 and 30% in year 12.
Class C:	Industrial properties: 16% for first 10 years, 23% in year 11 and 30% in year 12; commercial properties: 16% for first 10 years, 23% in year 11 and 30% in year 12.
Class 7a:	16% for first 10 years, 23% in year 11 and 30% in year 12.
Class 7b:	16% for first 10 years, 23% in year 11 and 30% in year 12.
Class 8:	Industrial properties: 16% for first 10 years and for any subsequent 10 year renewal periods; if the incentive is not renewed, 23% in year 11 and 30% in year 12; commercial properties: 16% for first 10 years, 23% in year 11 and 30% in year 12.
Class 9:	16% for an initial 10 year period, renewable upon application for additional 10-year periods.
Class L:	Industrial properties: 16% for first 10 years and for any subsequent 10 year renewal periods; if the incentive is not renewed, 23% in year 11 and 30% in year 12; commercial properties: 16% for first 10 years, 23% in year 11 and 30% in year 12.

Section 4.

- (A) To qualify as a commercial development project under Class 7a or 7b, it is necessary that the project be located in an area in need of commercial development in that:
- (1) the area is, or has been within the last 10 years, designated by federal, state or local agency as a conservation, blighted or renewal area or an area encompassing a rehabilitation or redevelopment plan or project adopted under the Illinois Urban Renewal Consolidation Act of 1961, as amended, or the Commercial Renewal Re-development Areas Act of 1967, as amended, or that the area is located in a federal Empowerment Zone or Enterprise Community, as proposed and approved by the Cook County Board of Commissioners on June 22, 1994 or the Chicago City Council on May 18, 1994, or the Commercial District Development Commission Ordinance of the City of Chicago or designation(s) of like effect adopted under any similar statute or ordinance; and
 - (2) real estate taxes within said area, during the last six years, have declined, remained stagnant or potential real estate taxes are not being fully realized due to the depressed condition of the area; and

JOURNAL OF PROCEEDINGS FOR SEPTEMBER 6, 2001

- (3) there is a reasonable expectation that the development, re-development or rehabilitation of the commercial development project is viable and likely to go forward on a reasonably timely basis if granted Class 7a or 7b designation and will therefore result in the economic enhancement of the area; and
- (4) certification of the commercial development project for Class 7a or 7b designation will materially assist development, re-development or rehabilitation of the area and the commercial development project would not go forward without the full incentive offered under Class 7a or 7b; and
- (5) certification of the commercial development project for Class 7a or 7b designation is reasonably expected to ultimately result in an increase in real property tax revenue and employment opportunities within the area.

Prior to filing a Class 7a or 7b eligibility application with the Assessor, an applicant must obtain from the municipality in which the real estate is located, or the Board of Commissioners of Cook County if the real estate is located in an unincorporated area, an ordinance or resolution expressly stating that the municipality or County Board, as the case may be, has determined that factors (1) through (5) are present and that the municipality or County Board, as the case may be, supports and consents to the Class 7a or 7b application to the Assessor. A certified copy of such ordinance or resolution shall be included with the Class 7a or 7b application at the time of filing the application with the Assessor. A copy of the ordinance or resolution, whichever is submitted, will be forwarded by the Assessor's Office to the secretary of the Board of Commissioners for distribution to the Commissioners from the affected districts. The application shall include any other information deemed necessary by the Assessor. The applicant must demonstrate that the commercial development project qualifies for the Class 7a or 7b classification and shall bear the expense of doing so.

Inasmuch as the County desires to encourage economic development in the neighborhoods of Cook County, support the increased use of the incentive by smaller projects and to limit the expense of such applications, the Assessor shall liberally construe the requirements of factors (1) through (5) for Class 7a applications.

The Assessor shall adopt rules, including a provision to ensure a proper review of the application and supporting data.

Certification of a commercial development project shall not be denied by reason of insufficient size if it otherwise qualifies hereunder. In determining what constitutes the "full incentive offered" as provided in factor (4) above, consideration may be given to any lawful inter-governmental participation agreements under which the project developer has agreed, as a precondition to Class 7a or 7b certification, to share a portion of future profits with the appropriate taxing districts.

For Class 7a applications, where the Assessor finds that factors (1) through (5) exist, he shall, within 60 days after receipt of the application and necessary supporting data, certify the commercial development project eligible for Class 7a treatment under this Ordinance

In order to determine Class 7b applications, upon receipt of the application and all the necessary supporting data, the Assessor shall forward it to the Economic Development Advisory Committee of Cook County. The Committee shall within thirty days return the application to the Assessor with a finding stating whether factors (1) through (5) are present. Upon receipt of a written

request from the Committee no later than seven days prior to the expiration of the thirty day period, the Assessor may extend for a period not to exceed an additional thirty days the time for return of the application with the Committee's finding. The Assessor shall review the application, supporting data, findings of the Committee and other appropriate facts. Where the Assessor finds factors (1) through (5) exist, he shall, within 30 days of the receipt of the Committee's findings, certify the commercial development project eligible for Class 7b treatment under this Ordinance.

Class 7a and 7b certifications shall lapse within one year from the date of issuance unless new construction or substantial rehabilitation, or in the case of abandoned property, reoccupation of the commercial development project has commenced prior to its expiration.

- (B) To be certified as an area in need of substantial revitalization for purposes of Class 8 classification it is necessary: (1) that the municipality in which the area is located or, if an unincorporated area, the County determine by lawful resolution that the area is in a state of economic depression and that it is not economically feasible for private enterprise to accomplish the necessary modernization, rehabilitation, and development of the area without public assistance and encouragement, or a determination of similar import; (2) that the municipality or, if in an unincorporated area, the County apply to the Assessor for certification of the area as one in need of substantial revitalization; (3) that, upon receiving an application to certify an area as in need of substantial revitalization, the Assessor shall review the application, supporting data and other appropriate factors relevant to a determination of the severity of the economic conditions of the area. In determining whether the "in need of substantial revitalization_" requirement is met, the Assessor shall give strong consideration and substantial weight to the fact that an area is located in a federal Empowerment Zone or Enterprise Community, as proposed and approved by the Cook County Board of Commissioners on June 22, 1994 or the Chicago City Council on May 18, 1994.

Upon finding that existing factors convincingly demonstrate that the area is in need of substantial revitalization, as defined in this Ordinance, the Assessor shall grant such certification to the area. In making this determination statistical data relevant to the surrounding area as well as the specific area for which certification is sought may be considered. The surrounding area for the City of Chicago shall be the "community area" as defined herein; for all other areas in the County it shall be, where applicable, the municipality in which the area is located.

If a municipality within an Enterprise Community, as proposed and approved by the Cook County Board of Commissioners on June 22, 1994, or the Chicago City Council on May 18, 1994, determines by municipal resolution that the area is in a state of economic depression and that it is not economically feasible for private enterprise to accomplish the necessary modernization, rehabilitation, and development of the area without public assistance and encouragement, or a determination of similar import and submits a request for Class 8 certification, such certification shall be automatic pursuant to this ordinance. However, each property eligible for a Class 8 incentive within the certified area must file their application in a timely manner.

Section 5.

Where a single parcel of real estate is partially included in two or more of the above-described classes, each portion shall be assessed at the assessment level herein prescribed for that class.

JOURNAL OF PROCEEDINGS FOR SEPTEMBER 6, 2001

Section 6.

All portions of this Ordinance are severable, and if any of its provisions or any sentence, clause or paragraph shall be held unconstitutional by any court of competent jurisdiction, the decision of such court shall not affect or impair any of the remaining provisions.

Section 7.

A written report on the status and progress of the implementation of this Ordinance, or any amendments thereto, and all rules promulgated by the Assessor hereunder, shall be submitted by the Cook County Assessor to the President and Board of Cook County Commissioners annually on or before December 1.

Section 8.

The incentive provisions of this Ordinance provided to qualifying parcels of real estate for Class 6b, Class C, Class 7a, Class 7b and Class 8 shall expire on December 31, 2004, unless otherwise reviewed by action of the Cook County Board of Commissioners. Real estate granted a Class 6, Class 6a, Class 6b, Class 7 or Class 8 classification on or before December 31, 1994 shall retain such classification under the terms and conditions of the Ordinance prior to January 1, 1995. Real estate for which an application for Class 6a, Class 6b, Class 7 or Class 8 classification is filed with the Assessor on or before December 31, 1994 and which thereafter is determined by the Assessor to be eligible for the classification under the terms and conditions of this Ordinance after January 1, 1995, shall be entitled to receive such classification under such terms and conditions.

Real estate granted a Class 6b, Class 6c, Class 7a, Class 7b or Class 8 classification on or before December 31, 1999 shall retain such classification under the terms and conditions of the Ordinance prior to January 1, 2000. Real estate for which an application for Class 6b, Class 6c, Class 7a, Class 7b or Class 8 classification is filed with the Assessor on or before December 31, 1999, and which thereafter is determined by the Assessor to be eligible for classification under the terms and conditions of this Ordinance existing prior to January 1, 2000, shall be entitled to receive such classification under such terms and conditions.

The changes adopted by the Cook County Board on April 18, 2000 will have an effective date of January 1, 2000.

Section 9.

The assessment level applicable to real estate classified under incentive Classes 6b, C, 7a, 7b, 8, 9 and L shall in no event exceed the assessment level which otherwise would have been applicable to such real estate under the remaining assessment classes provided herein.

Section 10.

The November 23, 1999 and April 18, 2000 amendments of the Real Property Classification Ordinance shall be effective for the 2000 assessment year and subsequent years.

Approved and adopted this 6th day of September 2001.

**PROCLAIMING SEPTEMBER 8TH MEXICAN INDEPENDENCE DAY
IN COOK COUNTY**

WHEREAS, National Hispanic Heritage Month is a celebration of Hispanic pride and culture, recognizing the achievements of Hispanic individuals who by hard work and sacrifice have distinguished themselves through their careers and public service; and

JOURNAL OF PROCEEDINGS FOR SEPTEMBER 6, 2001

WHEREAS, National Hispanic Heritage Month, created by Public Law 90-498, approved September 17, 1968, by the 90th Congress, authorizing the President to issue annually a proclamation calling upon the people of the United States to observe such week with appropriate ceremonies and activities; and

WHEREAS, the Act was amended in 1988 by the 100th Congress to authorize the designation of National Hispanic Heritage Month as the 31-day period beginning September 15 and ending on October 15; and

WHEREAS, over 70% of Hispanics living in Cook County are of Mexican decent; and

WHEREAS, on September 15, 1810, the people of Mexico valiantly responded to Father Miguel Hidalgo y Costilla's and Father Jose Maria Morales y Pavon's call for independence; and

WHEREAS, the courage and sacrifice for freedom demonstrated by Father Hidalgo, Father Pavon, and other freedom fighters have been an inspiration to all Mexicans and people throughout the world; and

WHEREAS, in the spirit of Father Hidalgo, Father Pavon and other freedom fighters, the Mexican-American community has fought for social justice throughout Cook County and the United States; and

WHEREAS, Cook County's Mexican-American community has made numerous cultural and economic contributions to the growth and development of our county; and

WHEREAS, since its founding in 1969, the Mexican Civic Society has enabled the Mexican-American community to preserve and transmit its culture to the citizens of Illinois through a variety of activities throughout the year, including an annual parade, banquet and civic ceremony commemorating Mexico's independence.

NOW, THEREFORE, BE IT RESOLVED, that I, JOHN H. STROGER, JR., PRESIDENT, and the Cook County Board of Commissioners, on behalf of the more than five million residents of Cook County, do hereby proclaim SEPTEMBER 8, 2001, to be MEXICAN INDEPENDENCE DAY IN COOK COUNTY, in recognition of the contributions the Mexican community has made throughout the County of Cook, and urge all Cook County residents to join in this celebration of their culture and heritage; and

BE IT FURTHER RESOLVED, that a suitable copy of this Resolution be spread upon the official proceedings of the Board of Commissioners of Cook County, and that a copy thereof be sent to the Mayors and Village Presidents of all municipalities in Cook County, and presented to Carlos Manuel Sada Solano, Counsel General of Mexico, Alphonse Gonzalez, President of the Mexican Civic Society of Illinois and Craig Chico, Co-Chair of the Mexican Independence Day Festivities.
